Student Objective

Student Objective Questions:

1. Reflect: What are your short/long term goals (academic, career, & personal)? You may include your "ideal" career in engineering or your preferred working environment.
2. As you choose your General Education courses (to satisfy your degree requirements), please describe how the courses will help you to develop as a professional engineer. You may highlight skills and knowledge as listed in the University Catalog course descriptions.

(Check for spelling and grammatical errors - Must be minimum of three paragraphs)

Requirements are:

- 1) 3 cr. of U.S. Diversity,
- 2) 3 cr. of International Perspective
- 3) 6 cr. of 300/400 level courses
- 4) At least 15 credits total.

You may NOT have:
 Any Engineering, Computer Science, Math, or physical sciences courses or courses with substantial applied science – Check the “Not Allowable” GEC Course Listing in your course packet for a complete list of non-allowable General Education courses

International Students defined as those students whose citizenship status is coded N (for nonimmigrant) or R (for refugee or asylee) on their official university record are exempted from the International Perspectives course requirement but must still have 15 credits of General Education Electives.

If you have General Education transfer courses

Transfer courses can be used to meet your General Education requirement of fifteen credits. Please list on the appropriate lines below both ISU and transfer courses that can be applied toward meeting your General Education requirement.

Check your degree audit on AccessPlus in the "General Education Electives" category to see which courses have already been applied toward your General Education requirements.
