**Register today** to attend our upcoming NI LabVIEW Boot Camp at Iowa State University. If you're new to programming with LabVIEW or looking to improve your existing skills, this free hands-on course introduces you to graphical programming with LabVIEW system design software. You'll learn fundamental skills as well as take the Certified LabVIEW Associate Developer (CLAD) exam, a globally recognized entry-level certification exam.

Dates: Monday 6/16 through Thursday, 6/19
Times:
   Instruction: Mon, Tues, Wed 9:00 a.m. - 5:00 p.m.
   CLAD Prep & Exam: Thursday, Time TBD
Location: 1213 Hoover Hall
Cost: Free (an $3,200 value)
You must attend all the sessions to complete the bootcamp.

You will learn:

- Create applications using the state machine design pattern to acquire, process, display, and store real-world data
- Learn LabVIEW functionality that directly links to your application needs by providing a jump-start for application development or skills to improve your existing applications
- Discover how LabVIEW integrates with existing legacy software, IP, and hardware while capitalizing on the latest computing technologies such as FPGA technology
- An overview of key concepts and preparation materials for the Certified LabVIEW Associate Developer (CLAD) Exam
