

IOWA STATE UNIVERSITY

Department of Electrical and Computer Engineering

Nomination Form for

ECpE Early Career Impact Award

This award recognizes up to five people each year and is given in recognition of significant early career accomplishments that distinguish the recipient from his/her peers in the field of electrical, computer, or software engineering.

Recognition can be for technical accomplishments, leadership, or other activities that have made, are making, or show considerable promise for making a significant impact on society, on the field, on the profession, or on industry.

Eligibility: Any ISU ECpE alumnus **who will not have reached his or her 40th birthday** by the end of the calendar year in which the award is conferred. Faculty members of the College of Engineering at Iowa State University will not be eligible for this award.

Nomination Supporting Information for **ECpE Early Career Impact Award**

SUPPORTING INFORMATION: Provide information about the nominee called for in the items below as deemed appropriate.

1. **As a minimum**, provide a **summary of the nominee's accomplishments**, a **suggested citation**, and a **CV* or biosketch**. In many cases that will be sufficient.
2. **Other materials**, including up to three supporting letters, may be included if needed to document achievements which merit an award.
3. *If a comprehensive CV isn't available, begin with a summary of accomplishments and then list previous positions and awards. Supporting letters may be appropriate here.

Suggested citation: In recognition of outstanding and distinctive contributions [elaborate].
